

Area – Consumer and Family Resources

Problem – Health Insurance

Answer Key for Health Insurance problem

Answer: He has \$880 left to pay on his deductible.

Total accident bill is \$6875.00.

$$\$6875 - \$880 = \$5995$$

$$\$5995 \times .20 = \$1199 + \$880 = \$2079 \text{ that Chad has to pay.}$$
