

Area—Consumer and Family Resources
Problem—Income for Housing

Standards

SD FACS Standards

FCS 7.3.2

Apply management principles to individual and family financial practices

SD Mathematics Standards

Math 8.N.2.1

Students are able to read and compute within any subset of rational numbers.

Problem

Using the worksheet provided, you will determine a reasonable income for yourself from a part-time job while you are still a student. After computing your monthly take home pay, you will pick a roommate, combine your incomes, and determine the amount of money available for renting living space.

What will you need?

Worksheet

Job income information from peers and/or newspapers

Calculator

Information on recommended budget amounts for housing

How will you be evaluated?

Accurate math calculation steps must be shown on the worksheet.

Supplemental Materials

Worksheet

Newspapers

Calculator
